Farewells and Welcomes

By Peter Corke

Welcome to the September issue. In the last issue, I bid farewell to Roz Snyder, and in this issue, I would like to welcome Rachel O. Warnick, who is now the magazine's editorial

sions on special issues and by recruiting articles for the publication. This can and does have a direct effect on the number of people who read and cite the publication.

In recent editorials, I have remarked on the passing of several pioneers in our field and about our Society's robotics history project. I am very happy to include
